

## CURTAIN CONTROLLER

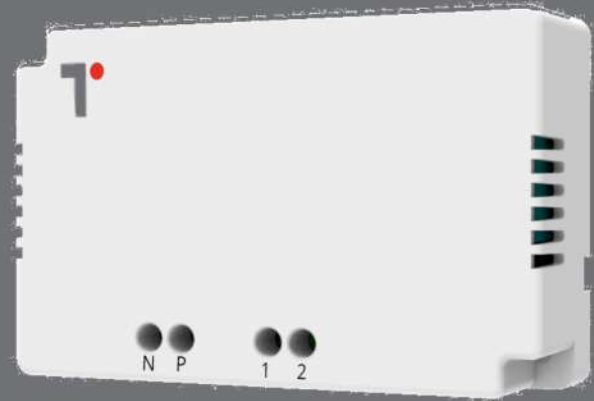

## OPEN YOUR EYES TO HEALING NATURE

It is said that when you first open your eyes and see the green world outside, your mind tends to become peaceful and you start your morning with a happy mind. But getting off the bed early in the morning can take quite some time. This is where Tixa's Curtain controller some to the rescue.

# TIXA CURTAIN CONTROLLER

Automate your curtains with Tixa Smart Curtain controller. Suitable for various home decoration styles, also applied in hotels, villas and offices.

## FEATURES

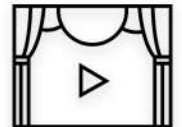

### 3 WAY USE

Operate your curtains in 3 ways: **Manual Switch**, **TIXA App** and with **Remote**.

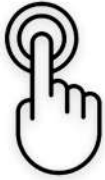

Automate your curtains with **minimal modifications** to your curtain rails and rollers.

### RETROFIT

### EASY INSTALLATION

No heavy **machinery** required, no drilling within the walls, no **hammering** or **damaging** the wall.

### **EASY CONTROLLING**

You can open the curtains manually or with the app. All you have to do is **tap once** on the **app** and you are done.

### **SCHEDULING**

You can **schedule** or set a particular time to **open / close** the **curtains**. You won't have to move an inch and the curtains will work for you.

### **COMPATIBLE WITH VOICE ASSISTANCE**

Tixa is compatible with **Alexa** ,**Google assistant** and more. At one voice command, you will be able to control the curtains.

## USE CASES

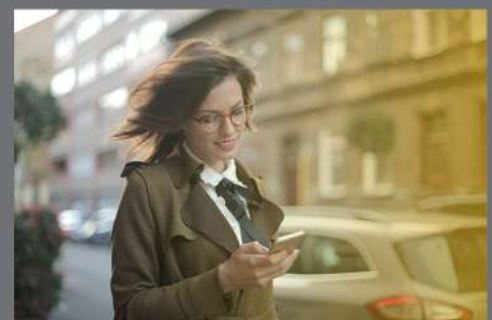

### **WAKE UP TO BRIGHT WELCOMING LIGHT**

Don't drag yourself to open the curtains anymore. Just click once on the Tixa app and they will open for you.

### **REMOTE CONTROLLING**

No need for Alarm clocks anymore. You can now schedule the time when to open or close the curtains, even when you are not at home.

### **PROTECTION**

Even while you are travelling, the scheduled time will open / close the curtains accordingly. It will help in keeping the burglars outside and will make it look like you are inside the house.
